## THE EVIDENCE

"Thou that maketh thy boast of the law, through breaking the law dishonorest thou God?"

---Romans 2:23

SUPPOSE\_

A bank defalcation

And the teller should say—

"Yes; I embessled. The law against it is distasteful to me. I ignore it; men like me may disregard the law"—

Would the bank president-

Would the bank officials still demand the arrest of the unhappy man? And when the jury had found him guilty, the judge would scarcely free him, though the man should plead.—

"Your Honor, I saw both you and the bank officials disregard

And the higher court would be constrained to approve the decision of the lower court, even though the miserable man should say in his

"Members of the Supreme Court have set at naught the law—why should not I?"

And rightly the Governor, speaking of the sacredness of liberty and law, would refuse to pardon him, though he moaned—

"I saw you, the Governor of the State, with its judges, and my employers and other eminently respectable citizens, say by your acts in conniving at the unlawful sale of liquor—I saw and heard you say by your membership in clubs—your action which speaks louder than words—that the law is applicable only to those who choose to obey it—to those who disapprove, the law does not apply."

THE MAN WOULD GO TO JAIL.

And yet there are those who say that the man or men who sell liquor to their fellowmen do more harm than does the embezzler.

George Stuart puts it:

"It is far better to steal than to take money and leave liquor in

"The thief steals the money, but he leaves the body, the mind, the character, the reputation, and the soul of his victim unharmed.

"The liquor seller takes the money and leaves something worse than

"He leaves something that injures the body of his victim; that injures the mind of his victim; that injures the reputation of his victim, and that ultimately destroys the soul of his victim."

YOU CRY IN DISGUST-

"The club—why, even the lowest tiger does not ruin every man who takes a dram. Be reasonable!"

True. Right. But look-

If a man—whether for money or for fun—shbots a pistol in a crowded street and kills one man out of the thousands there, the law imputes malice and intent to kill and brands the man a murderer, to be hung because of his wanton disregard for human life.

because of his wanton disregard for human life.

The seller of liquor—whether he be disguised in the respectable habiliments of a charter of a social club, or in the filthy rags of a negro blind tiger—the seller of liquor, wheever he is, if he has been in the business long enough, has killed—and if he continues long enough in the trade he will kill one or more. And the death has not been—the death will not be the quick, merciful one that comes from the pixel ball through the brain. It has ever been—it will ever be—slow and lingering, sapping first the honor, undermining the home, breaking the hearts of loved ones, spreading the cancer of disgrace until it drags the man into his grave.

You, even as you read this, will recall the passing of some poor creature whom you knew—maybe one whom you loved, whom the seller of liquor has killed for gain.

But the curse of the trade in club and bar is not now open to debate.

The State has spoken.

Section 426, Volume II. of the Code, forbids the sale of liquor in

Code Section 5335 describes a "blind tiger," and provides for its tement as a nuisance. It says—

"Any place . . . where spirituous, malt or intoxicating liquors shall be sold in defiance of law, shall be deemed a nuisance, and may be abated or enjoined as such

The Acts of 1911, Page 180, declare that the possession of "any internal revenue special tax receipt as required" by United States law is prima facie evidence of guilt in any trial to abate or enjoin any blind tiger as a nuisance.

Have you-has your club such a receipt?

Those members of respectable clubs—those men who are in the majority and have not joined simply for the purpose of maintaining a blind tiger—we again ask you to consider these laws and conditions in our City and State.

CRIMINALS ARE POINTING TO YOU.

Again we ask that you obey the law.

And with confidence that it will ultimately be done, we again ask our public officials to consider these laws and to see that they are enforced.

The blind tiger will go.

WE HAVE SUBDIVIDED the property into blocks, which are surrounded by graded streets and sidewalks. The blocks average from 2 to 3½ acres each, and comprise from 7 to 16 lots each, as you will see from the plats which we have for distribution in our office, and the prices run from \$5,000 to \$4,000 a block, according to location. We have done this so that purchasers may make their own subdivision. The property has an elevation of 19 feet above the river level, and each block has a beautiful view of the Caloosahatchee river, which is salt water and 2 miles wide at Fort Myers, and is one of the pretitest rivers in America. The property is just ½ mile out of the limits and ½ mile from tiled sidewalks, and lies between the homes of the famous Thos. A. Edison and that of ex-Senator Stadler, of New York, fronting the beautiful, paved McGregor boulevard, which runs to the Gulf. Homes of Millionaires all along this drive and beyond this property. This is the fastest growing section around Fort Myers. A subdivision a short distance from this property is now being sold at the rate of over \$3,000 perce. The blocks we are offering on the Boulevard contain over three acres, and are offered for \$4,000 a block. Fort Myers as the terminus of the Coast Line R.
